2022 Yard Sale dates!

HOA UPDATES

Spring is in the air once again. It is so wonderful to see all the grass greening up and hear the birds once again!

May 7 is the plant and seed swap. This is our third year hosting a neighborhood swap. This year Laura Fraser is hosting the event at her home 1911 Copley Rd. Please park along Copley and walk in the driveway area. There will be tables to set plants on and such. Please bring something to transport your plants home in.

We hope to see you all there!

YARD SALE FYI!

June 17-19 is the neighborhood yard sale. If you plan on participating in the neighborhood wide yard sale please send the HOA an email so we can create a list of addresses. If you'd like to send some of your major ticket items we will list them on the information sheet as well.

July 14 is the **general HOA meeting please** mark your calendars and plan to attend. We have some guest speakers and important information to impart to all of our HOA members.

The Gardner's Corner!

There have been some reports of mailboxes being broken into and mail stolen again. Please get your mail as quickly as possible or consider purchasing and installing a locking mailbox. You could also log onto the USPS website and sign up for delivery notification. They let you know as soon as the mail and packages land on your property.

According to farmers almanac May is supposed to be a very dry month for Colorado.

The plant and seed swap is just around the corner. We have some exciting heirloom varieties to share.
